EXPERIENCE

MERN STACK DEVELOPER, Why Global Services, Chennai   December 2023 - Present

- Worked with coworkers to complete tasks.
- Demonstrated ability to manage multiple tasks while remaining adaptable and flexible.
- Focused on learning new skills and staying updated with industry changes.
- Met deadlines while maintaining high quality deliverables.
- Identified ways to improve efficiency in operations and implemented process changes.

PROJECTS

- **Clone the Paytm UI**
  - From the beginning of full stack development, I am starting with developing the Paytm website(static website).
  - The primary objective of this project is to gain hands-on experience in html and css.

- **Home Maintenance Service Website:**
  - Currently, I am working on this project to develop my skills and enhance my knowledge.
  - Embarked on a journey into full-stack development by initiating the development of this website resembling the user interface of Urban Company platform. The primary objective of this project is to gain hands-on experience in front-end development while simultaneously honing back-end skills.
